SOUTHERN CALIFORNIA WATER COMPANY

UNDERGROUND ELECTRIC LINE EXTENSION CONTRACT
TO SERVE ONE OR A GROUP OF APPLICANTS

THIS AGREEMENT, made this _____ day of _____, 19____, between SOUTHERN CALIFORNIA WATER COMPANY, a corporation, hereinafter called "Utility," and the party or parties whose names are subscribed hereunder as "Applicants,"

W I T N E S S E T H:

WHEREAS, Applicants have requested Utility, pursuant to its Rule No. 20, Line Extensions, to furnish and install an underground electric line extension to the location or locations in the County of San Bernardino, State of California, substantially described as follows:

_____ and as shown on the map attached hereto and made a part hereof for delivery of electricity to serve the load specified in this Agreement. The purchase of said electricity being governed by previously executed contract or tariffs on file with the California Public Utilities Commission, hereinafter called "Commission," and

WHEREAS, all Applicants to receive underground service will be considered as a group for the purpose of determining required contributions and advances, and Applicants hereunder are members of such group and it is necessary for Utility to receive from Applicants their share, as group members, of the total contribution and advance required by the group.

NOW, THEREFORE, in consideration of the premises, and of the mutual promises and covenants of the parties hereto, hereinafter contained, it is mutually agreed by and between the parties hereto as follows: viz:

1. Utility will complete, at Applicants' expense as required herein, construction of said extension, provided Utility has the legal right to occupy public streets, roads and highways necessary for the construction, operation and maintenance of such extension, or has first obtained rights of way therefor on public lands and private property satisfactory to and without cost to or condemnation by Utility.
2. Said line extension shall be and remain the property of Utility.
3. Applicants shall concurrently with the execution hereof pay to Utility as a contribution in aid of construction a nonrefundable sum of \$ _____ equal to three-fourths of the estimated difference between the cost, exclusive of transformers, meters and services, of the underground extension and an equivalent overhead extension.
4. In addition, Applicants shall concurrently with the execution hereof pay to Utility a refundable advance of \$ _____ for _____ feet of equivalent overhead line in excess of the length of overhead line which Utility under its Rule No. 20 may build at its own expense.

5. The total sum to be paid to Utility is \$. The amount of the total to be paid by each Applicant is as mutually agreed by the Applicants and is designated after his name hereinafter.
6. Underground service connections to each Applicant from the underground distribution system will be installed and maintained as provided in Utility's Rule No. 21.
7. Refunds of amounts advanced will be made in accordance with Section B.3.b. of Utility's Rule No. 20 except that the refunds will be reduced in half for additional extensions related to a subdivision served underground under Rule No. 20.1.
8. Refunds will be made within 90 days after date of first service to such load and/or customers, and within 90 days of date of notification of connection of additional load by existing customers.
9. Where there is a series of extensions, on any of which an advance is still refundable, and Utility makes succeeding free extensions with excess allowances or where additional load or customers connect to succeeding extensions, refunds will be made to repay in turn each of such advances which remain refundable beginning with the first in series from the original point of supply.
10. When two or more parties make a joint contribution and advance on the same extension, refundable amounts will be distributed to these parties in the same proportion as their individual total contribution and advance bear to the total joint contribution and advance.
11. No such refund will be made by Utility in excess of the refundable amount advanced by Applicants nor after a period of ten years from the date Utility is first ready to render service and any unrefunded amount remaining at the end of the ten year period will become the property of Utility.
12. Applicants will provide that degree of supervision over and coordination between grading, trenching, excavating and other contractors as required to assure that Utility's underground facilities remain at the depth below final grade set forth in Utility's specifications, and as required to prevent damage to Utility's facilities from the activities of said contractors. Applicants agree to hold harmless and indemnify Utility for any and all damage to Utility arising in any way from the failure to provide said supervision, including but not limited to damage represented by the cost to Utility of correcting an inadequate trench and/or excavation depth or other known condition exposing Utility to damage.
13. This contract is subject to the Rules of Utility.
14. This contract shall at all times be subject to such changes or modifications by the Commission as said Commission may, from time to time, direct in the exercise of its jurisdiction.
